BE A PLAYGROUND SUPERHERO!

**JOIN THE TPDAL SCHOOL
DESIGN COMPETITION**

**We are inviting Schools to
participate in our 'Design your
own Playground Game'.**

There is no imagination more powerful than that of a child, so we would like to unlock the creative potential of school children across the country in an engaging, fun and educational way.

**Playground games for
children.... by children!**

Why Your School Should Participate

Helping pupils have an input in their own playground game will stimulate their imagination and provide a unique opportunity to see their efforts realised in the real world when we install your winning design in your playground. The main benefits include:

- You could WIN a unique playground game designed by one of your pupils (estimated value £5,000)
- It offers a chance for pupils to be engaged in something which will benefit your school.
- Gain excellent publicity for your school.
- Get 10% off at TPDAL, just for participating.
- It's fun and creative!

How It Works

The rules are simple. Ask your pupils to think of a fun game they would like to see on their playground. Our most popular playground markings include games such as hopscotch, snakes and ladders and mazes. But, we would like to see something fresh and unique designed by the pupils themselves.

It's up to you if you would like to use this exercise as an opportunity to teach your pupils about fitness, maths, language, science or any other subject with an educational benefit.

Entries will include a colour drawing of the game with the rules and description attached. This must be in digital format along with the pupil's name, age and school. Your school is free to invite as many pupils to enter as you like, but we will only accept 1 design for each school. So, it's a great opportunity to hold your own competition, or make it a joint project!

All entries we will be collated by our staff at TPDAL. We will be issuing press releases to gain maximum media exposure, as we feel this would be a huge benefit for you and hopefully capture the imagination of school children around the country.

How to Enter

Simply add the Playground Design Competition widget to your website to show your school is participating. This widget will include a link to our Web page so that parents, teachers and any other interested parties can read the rules, terms and conditions. This must be added by no later than 30/12/20 and our team notified by emailing: playgroundcompetition@tpdal.co.uk.

We can then add your school to our list of participants. The deadline for entries January 2020 and the winner will be selected 4 weeks after the closing date.

Designs must be in digital format and include rules and description, so they can be attached via email and sent to playgroundcompetition@tpdal.co.uk.

Terms and Conditions

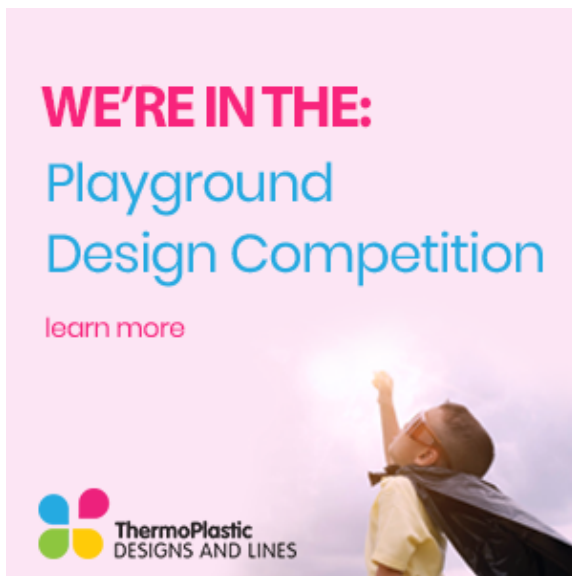

- The competition is open to primary school children from 5 to 11 years of age only.
- Entries on behalf of another person will not be accepted and joint submissions are not allowed.
- Your entry will not be returned to you once submitted, so be sure to make a copy.
- When submitting your entry, you must provide the pupil's name, age and your school. We will only use this information in relation to the Competition and will not use it for any other purposes.
- Only one entry per child is permitted, maximum three entries per school.
- By submitting your entry to the Competition, you give over all copyright ownership to TPDAL who can use your design and concept in future playground markings in any way they wish.
- By submitting to the competition, you give permission for TPDAL to use your pupil's name, age and school for the sole purpose of identifying you as the author of the entry.
- We take no responsibility for entries that are lost, delayed, misdirected or incomplete or cannot be delivered or entered for any technical or other reason.
- The winner will be selected by TPDAL at their discretion within 4 weeks of the announced deadline date.
- Sending in an entry to the Competition means that you accept these terms and conditions, which are the rules of the competition. Always check with the child's parent or guardian that they are happy for you to enter the Competition based on these terms and conditions.
- Here are the widgets, you will need to add one of these to your school website. Just copy and paste the code in the box below, if you have any problems please let us know.

Playground Competition Widgets

We have designed three widgets that show your school are participating and we would need one of these added to your schools website in order to accept your entry. If you have any difficulties or concerns about these please call our technical team on: 01273 022 798

TPDAL: Changing the Face of School Playgrounds

TPDAL have specialised in school playground markings for over 20 years and playground markings are our life. We have wonderful designers dreaming up fun, educational games for the children of Great Britain.

We have created this competition to allow pupils themselves to exercise their minds and dream up their own educational playground game. It's a fun challenge and the winning design will be installed by us, in their playground, absolutely free of charge.

We hope you are as excited as us, and as excited as we know your school children and their parents will be, as soon as they hear about the TPDAL School Playground Design Competition!
